### More than Just Pictures

If you follow our region on Facebook, you've probably noticed a slight change to the activity since the year began. All of the sudden, there are several people posting with the title GPS. Given the slew of pictures that are posted, you may think that GPS stands for "Glorified Photo Snapper!" While we have been tasked with sharing some snapshots of our activity on Facebook, our job isn't just about taking pictures.

As Geographic Pastoral Servants, we've been tasked with filling this year of transition with some stability while the region seeks a vision for the future. Part of that stability involves being an encouragement for pastors and churches in our area. Through coffee, conversations, and other ministry opportunities, it's our hope that we can partner with pastors and churches and help them continue to do the work of the Kingdom. And yes, we want to document that encouragement with photos, but our role isn't just about taking pictures :)

Personally, I want to say thank you to you and to the region for allowing me to be part of this ministry. It's always been in my heart to encourage other pastors because I know how important that same encouragement is to me. And I want to thank you for giving to the Partners in Ministry offering because it's your contributions that allow us to do the work that we do!
